The acquisition, construction, and equipping of the Facility (including soft costs relating thereto) has an estimated cost of Ninety Four Million Seven Hundred Thousand Dollars (\$94,700,000.00) (the "Project Costs"). A representative of the Agency will be at the above-stated time and place to review the amended project application, and hear comments and accept written statements from any persons with views in favor of or opposed to either the proposed Assistance to the Company or the location or nature of the Facility. A copy of the amended Application filed by the Company with the Agency with respect to the Facility, including an analysis of the costs and benefits of the Project, is available for public inspection during business hours at the offices of the Agency. A transcript or summary report of the hearing will be made available to the members of the Agency.
