If you feel that certain sections of the Project Application should be withheld from public inspection, please notate accordingly to request such sections be kept confidential.
2. New laws have been established in regards to record keeping, reporting, and recapture requirements for IDA's that authorize sales tax exemptions to a Project Operator or Agent. The Agency must now keep a record of the amount of sales tax benefits provided to each Project and make those records available to the State upon request. Also, within 30 days of providing financial assistance to a Project, the Agency must report to the State the amount of sales tax benefits intended to be provided to a Project. It is now a requirement of the State that the Agency post on the internet and make available without charge copies of its resolutions and project agreements and documents.
3. If you are requesting a sales tax exemption from the Agency as part of your application for assistance, you must include a realistic estimate of the value of the savings anticipated. **IT IS IMPERATIVE THAT THE SALES TAX ESTIMATES IN THE APPLICATION BE AS REALISTIC AS POSSIBLE.** This is the number that will be provided to the state.
4. The state requires that the Agency recapture any state sales tax benefits given if: a. the project was not entitled to receive benefits; b. the exemptions exceed the amount authorized or were claimed for unauthorized property or services; c. the Project Operator failed to use the property or services in a manner indicated by its agreement with the Agency.
5. It is important that the Application is completed in its entirety leaving no blanks. If the question is not applicable, please note n/a.
6. If more space is needed for a particular answer, please attach a separate sheet.
7. The Agency non-refundable general application fee is \$1000. The Market Rate Housing Benefit fee due with the application is \$2,000 which includes a non-refundable application fee of \$1000 and a commitment fee of \$1,000 that will be applied at closing; if the project does not close, the \$1,000 is not refundable.
8. Agency fees are assessed at 1% of the total project cost.
9. The Agency will collect ½ (one-half) of the project fee at the time of signing of an inducement agreement. The final half of the Agency fee will be payable at which time the project closing takes place.
10. Bonding fees are assessed at 1% of the total value of Industrial Revenue Bonds.
11. The Agency will collect ½ (one-half) of the bonding fee at the time of signing of an inducement agreement for any bonding projects. The final half of the bonding fee will be payable at which time the project closing takes place.
12. The applicant is responsible for all Agency legal fees related to this project.
13. Should your company for any reason decide to withdraw this application for financial assistance after submission but prior to completion, you will be responsible for any legal fees involved up to the time of withdrawal. Also, the Agency will assess a fee for services rendered and costs incurred to date.
14. Should your company reassign your project, the Agency will collect a non-refundable fee of \$2,000 at the time of reassignment.

15. The Agency will assess your company an annual administration fee to cover ongoing compliance and oversight functions in the form of rent under the Lease Agreement in the amount of \$750 for general projects; \$1,500 for solar projects in years 1-5, then increased by \$500 every five years throughout the duration of the project; \$1,500 for housing projects in years 1-5, then increased by \$500 every five years throughout the duration of the project.

In accordance with section 224-a(8)(d) of article 8 of the New York Labor Law, the Agency has identified that any “financial assistance” (within the meaning of section 858 of the General Municipal Law) granted by the Agency to the Applicant consisting of sales and use tax exemption benefits, mortgage recording tax exemption benefits and real property tax exemption benefits, constitutes “public funds” within the meaning of section 224-a(2)(b) of Article 8 of the New York Labor Law and such funds are not excluded under Section 224-a (3) of Article 8 of the New York Labor Law. The Agency hereby notifies the Applicant of the Applicants obligations under Section 224-a (8)(a) of Article 8 of the New York Labor Law.

E) Employment Information/Job Creation

The Agency uses the following standard when reporting **FTE – Full Time Equivalent** jobs: Full-time equivalent is a ratio that compares the number of hours worked during a pay period by an employee to the number of work hours during the pay period that equates to full time employment. For example, an employee who works hours equal to full time is 1.0 FTE. An employee who works half the hours of full-time employment is 0.5 FTE, while an employee that works one-third the hours of full-time employment would be considered .3 FTE. Please contact the Agency for assistance if needed.

Please estimate the number of jobs (both retained and created) associated with the operations of the Project subject to this application:

Previous Year	Current Year	Year 1	Year 2	Year 3

For year 3, total number of jobs retained: FTE _____

For year 3, total number of jobs created: FTE _____

For the jobs that will be **created and retained** as a result of this project, please provide more information below.

The tables below capture the number of jobs created and retained in the first three years of operations as the Project reaches employment stability. Do not include construction phase employment below. Also note, the following tables should be **cumulative**. In other words, jobs that are created in Year 1 and expected to be retained through Year 3, should be included in each of the three tables below. Therefore, in most cases, job counts in Year 3 should be greater than, or equal to, jobs in Year 1.

In the 'Description' tab please enter the job title for each position. In the 'NAICS Code' column enter the NAICS code associated with each position. If NAICS Code is unknown, please use the keyword search function in the following link to find the most appropriate code: <https://www.census.gov/naics/>. Enter the **cumulative** job count and the average salary for each position in the 'Count' and 'Average Salary' columns respectively. Attached additional sheets as needed.
