**II. PROJECT INFORMATION****A) Describe the proposed project, acquisition, construction or reconstruction in as much detail as possible.**

The demand for ELG Utica Alloys Holding Corporation's ("ELG") services has risen beyond the capability of ELG's current facilities—located in Frankfort and Herkimer. ELG's Frankfort facility is overwhelmingly space-constrained—creating concerns with operational efficiency and safety. To meet the rise in demand and ELG's goals of improving operational efficiency, ELG is proposing a project to consolidate its operations to its Herkimer facility. ELG plans to acquire and renovate the vacant building located onsite. ELG currently owns 8.2 acres and will be purchasing an additional 53.6 acres. Moving operations from the Frankfort facility to the adjacent vacant building in Herkimer will significantly improve the efficiency of ELG's operations by eliminating the need to transport material between two facilities—currently an 8-mile distance in one direction. Additionally, this move will add about 100,000 sq.ft. of additional storage space for ELG, add an estimated 10 new jobs, reduce transportation and rental costs, and improve operational efficiency by having all materials and processing located on the same site. Consolidation of operations to a single site is expected to reduce sorting requirements, eliminate the transportation of material about 8 miles between facilities, reduce total freight costs by ~\$50,000/year, increase safety awareness for storage of incoming and outgoing material, eliminate a warehouse lease that costs \$396,696/year, and create additional processing and storage capacity.

<b>3. Real Property Tax Exemptions</b> (See “Property Tax Exemption” table below, Column C minus Column B. The Agency can assist with this estimation at your request.)	<u>\$53,072.09</u>
<b>4. Estimated interest savings on Issuance by the Agency of Industrial Revenue Bonds</b>	<u>\$0</u>
<b>Total Estimated Value of Tax Exemptions</b>	<u>\$339,373.09</u>

#### D) Real Property Tax Exemption

Please use the table below to list estimated real property exemption by year. In ‘Column A’ enter the tax revenue generated by all applicable parcels absent a project. Typically, this value is calculated for the current year and then escalated at 2% per year for the duration of the would-be PILOT term. In ‘Column B’ enter the estimated value of the PILOT payments for each year through the duration of the PILOT term. In ‘Column C’ enter the property taxes that the Project would otherwise pay, but-for the PILOT abatement, on the full assessed value. Typically, this value is calculated for the current year and then escalated at 2% a year for the PILOT term. Each column should have an equal number of entries for the entire length of the of PILOT.

Year	<u>Column A</u> Property Tax Without the Project	<u>Column B</u> Estimated PILOT Payments	<u>Column C</u> Estimated Property Taxes on Full Assessment
1	\$11,855.28	\$7,172.44	\$14,344.89
2	\$12,092.39	\$7,889.69	\$14,631.79
3	\$12,334.24	\$8,606.93	\$14,924.42
4	\$12,580.93	\$9,324.18	\$15,222.91
5	\$12,832.56	\$10,041.42	\$15,527.37
6	\$13,089.21	\$10,758.67	\$15,837.92
7	\$13,350.99	\$11,475.91	\$16,154.68
8	\$13,618.01	\$12,193.16	\$16,477.77
9	\$13,890.37	\$12,910.40	\$16,807.32
10	\$14,171.18	\$13,627.65	\$17,143.47

Attach more sheets as necessary.

Column A: The amount of tax due in each year if the Project that is the subject of this application does not occur.

Column B: The estimated PILOT amounts for each year.

Column C: The hypothetical value of property tax payments as if the Project moves forward and the property is fully taxable.

## E) Employment Information/Job Creation

*The Agency uses the following standard when reporting **FTE – Full Time Equivalent** jobs: Full-time equivalent is a ratio that compares the number of hours worked during a pay period by an employee to the number of work hours during the pay period that equates to full time employment. For example, an employee who works hours equal to full time is 1.0 FTE. An employee who works half the hours of full-time employment is 0.5 FTE, while an employee that works one-third the hours of full-time employment would be considered .3 FTE. Please contact the Agency for assistance if needed.*

**Please estimate the number of jobs (both retained and created) associated with the operations of the Project subject to this application:**

Previous Year	Current Year	Year 1	Year 2	Year 3
82	82	87	92	92

For year 3, total number of jobs retained: FTE 82

For year 3, total number of jobs created: FTE 10

**For the jobs that will be created and retained as a result of this project, please provide more information below.**

The tables below capture the number of jobs created and retained in the first three years of operations as the Project reaches employment stability. Do not include construction phase employment below. Also note, the following tables should be **cumulative**. In other words, jobs that are created in Year 1 and expected to be retained through Year 3, should be included in each of the three tables below. Therefore, in most cases, job counts in Year 3 should be greater than, or equal to, jobs in Year 1.

In the 'Description' tab please enter the job title for each position. In the 'NAICS Code' column enter the NAICS code associated with each position. If NAICS Code is unknown, please use the keyword search function in the following link to find the most appropriate code: <https://www.census.gov/naics/>. Enter the **cumulative** job count and the average salary for each position in the 'Count' and 'Average Salary' columns respectively. Attached additional sheets as needed.

**Year 1**

Description	NAICS Code	Job Count	Average Salary
Engineer	541330	1	75,000
Quality Lab Technician	541380	1	50,000
Maintenance Technician	811000	1	55,000
General Labor	561300	2	36,000

**Year 2**

Description	NAICS Code	Job Count	Average Salary
1st Line Supervisor	5511	1	70,000
General Laborer	561300	6	36,000
Engineer	541330	1	75,000
Quality Lab Technician/Maintenance Technician	541380/811000	1/1	50,000/55,000

**Year 3 (Stabilization and thereafter)**

Description	NAICS Code	Job Count	Average Salary
1st Line Supervisor	5511	1	70,000

**F) Other Benefits**

In this section, please list any other public and/or private benefits associated with the Project. Wherever possible, please quantify those benefits. (If necessary, please use an attachment to describe and quantify those amounts for each year of the PILOT.) Examples of such quantifiable benefits would include hotel occupancy tax, retail sales tax, host community benefit payments, etc. Please also describe any non-quantifiable benefits if applicable.

**Other Public Benefits:** The Mohawk Valley continues to be NYS' most prolific manufacturing and distribution region, including the aerospace industry that ELG serves by providing high performance metal alloys.

The project will support the MVREDC's strategy of making targeted investments in the advanced manufacturing sector to build new regional wealth in this sector. In addition, the project will help to sustain additional investment in the region and mitigate supply chain disruptions.

This project will allow ELG to meet current customer demand, support future customer demand and create jobs—a community investment of over \$8 million. With the completion of this project, sales are expected to increase.

As with public benefits, please list any quantifiable or non-quantifiable benefits that accrue to private individuals (royalty payments, solar lease payments, etc.)

**IV. PROJECT LOCATION/UTILITIES/IMPACT**

A) Project Address: 378 Gros Blvd, Suite 1  
Herkimer, NY 13350

B) Are Utilities on Site  
Water  Electric   
Gas  Sanitary/Storm Sewer

C) Present legal owner of the site Herkimer Distribution LLC.

D) Zoning of Project Site: Current: Commercial Proposed: Commercial.

E) Are any variances needed: No.

F) Principal use of Project upon completion: Manufacturing.

G) Will the Project result in the removal of a plant or facility of the Applicant from one area of the State of New York to another? No.

H) Will the Project result in the removal of a plant or facility of another proposed occupant of the Project from one area of the State of New York to another area of the State of New York? No.

I) Will the Project result in the abandonment of one or more plants or facilities located in the State of New York? Yes, ELG's current facility in Frankfort, NY.

**If you answered yes to G-H or I please indicate whether the project is reasonably necessary for the company to maintain its competitive position in the industry. Please explain in detail. Attach supporting documentation.**

The demand for ELG's services has risen beyond the capability of ELG's current facilities. Presently, ELG's Frankfort facility is overwhelmingly space constrained. Without moving to a new location, ELG will need to place limits on its production and storage to ensure it can keep its staff safe while fulfilling customer demands. Doing this risks ELG falling behind on demand resulting in supply chain shortages and loss of business. A loss of business would be extremely detrimental to the Herkimer and Mohawk Valley region as ELG—a large global company—will be forced out of the region, breaking the location's long sustaining source of employment and business throughout the region. Without the project, ELG will be forced to consider consolidating its facility outside the State, jeopardizing the current 82 jobs it provides and stunting the economic growth of the region.

**V. REPRESENTATIONS BY THE APPLICANT:**

The Applicant understands and agrees with the Agency as follows:

- A.) **Job Listings.** In accordance with Section 858-b(2) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, except as otherwise provided by collective bargaining agreements, new employment opportunities created as a result of the Project will be listed with the New York State Department of Labor Community Services Division (the “DOL”) and with the administrative entity (collectively with the DOL, the “JTPA Entities”) of the service delivery area created by the federal job training partnership act (Public Law 97-300) (“JTPA”) in which the Project is located. The IDA encourages to the fullest extent possible, the hiring of local labor for all construction projects.
- B.) **Annual Sales Tax Filings.** In accordance with Section 874(8) of the New York General Municipal Law, the Applicant understands and agrees that, if the Project receives any sales tax exemptions as part of the Financial Assistance from the Agency. In accordance with Section 874(8) of the General Municipal Law, the Applicant agrees to file, or cause to be filed, with the New York State Department of Taxation and Finance, the annual form prescribed by the Department of Taxation and Finance, describing the value of all sales tax exemptions claimed by the Applicant and all consultants or subcontractors retained by the Applicant. A copy of such form should be provided to the Agency annually upon submission to the State.
- C.) **Sales Tax Tracking.** The Applicant understands and agrees that, if the Project receives any sales tax exemptions as part of the Financial Assistance that they will submit to the Agency, a quarterly tracking form (form will be provided) listing all sales tax savings incurred to allow for the Agency to monitor and report to the State as required.
- D.) **Recapture of Benefits.** The Applicant understands and agrees that the benefits received from tax abatements/exemptions shall be subject to recapture in accordance with the Agency’s tax exemption policy. The Agency reserves the right to include in the transaction documents the recapturing of the total value of real property/sales tax exemptions approved for a Project if any of the following conditions arise:
- a. The Project Facility as defined in the PILOT/Lease Agreement is sold or closed and the Applicant leaves or departs Herkimer County.
  - b. There is a significant change in the use of the Project Facility and/or business activities of the Applicant.
  - c. There is a significant reduction in the number of full/part-time jobs at the Project Facility in comparison to what was estimated in the Applicant’s Project Application that are not reflective of the Applicant’s normal business cycle or national economic conditions.
  - d. The Applicant fails to fully comply with all periodic and/or annual reporting requirements of the Agency, State or Federal government.
  - e. The Applicant failed to achieve any minimal new job creation figures specified by and within the time frames specified by the Agency

- E.) **Annual Employment Reports.** The Applicant understands and agrees that, if the Project receives any Financial Assistance from the Agency, the Applicant agrees to file, or cause to be filed, with the Agency, on an annual basis, reports regarding the number of people employed at the project site in addition to any additional project information as may be required. The Chief Executive Office shall submit to the Agency prior to February 1<sup>st</sup> of each year, a written certification setting forth:
- a. Number of full-time equivalent employees at the Project location as of the last date of the prior year
  - b. Number of construction jobs during the fiscal year as a result of the Project
- F.) **Absence of Conflicts of Interest.** The Applicant has received from the Agency a list (see pages 23-24) of the members, officers and employees of the Agency. No member, officers or employee of the Agency has an interest, whether direct or indirect, in any transaction contemplated by this Application, except as hereinafter described:
- 
- 

**VI. RETAIL QUESTIONNAIRE (if applicable):**

(To be completed by Applicant indicated retail component of the Project in Part II, Question B of this application).

- A.) Will any portion of the Project (including that portion of the cost to be financed from equity or sources other than Agency financing) consist of facilities or property that are or will be primarily used in making retail sales to customers who personally visit the Project?

YES  NO

For purposes of Question A, the term “retail sales” means (i) sales by a registered vendor under Article 28 of Tax Law of the State of New York (the “Tax Law”) primarily engaged in the retail sale of tangible personal property (as defined in Section 1101(b)(4)(i) of the Tax Law), or (ii) sales of a service to customers who personally visit the Project.

- B.) If the answer to Question A is YES, what percentage of the cost of the Project (including that portion of the cost to be financed from equity or sources other than Agency financing) will be expended on such facilities or property primarily used in making retail sales of goods or services to customers who personally visit the Project?

\_\_\_\_\_ %

- C.) If the answer to Question A is YES, and the amount entered for Question B is greater than 33.33%, indicate whether any of the following apply to the Project:

1. Is the Project likely to attract a significant number of visitors from outside the economic development region (i.e., Onondaga and Albany Counties) in which the Project is or will be located?

YES  NO

2. Is the predominant purpose of the Project to make available goods or services which would not, but for the Project, be reasonably accessible to the residents of the city, town or village within which the Project will be located, because of a lack of reasonably accessible retail trade facilities offering such goods or services?

YES  NO

3. Will the Project be located in one of the following: (a) an area designated as an empire zone pursuant to Article 18-B of the General Municipal Law; or (b) a census tract or block numbering area (or census tract or block numbering area contiguous thereto) which, according to the most recent census data, has (i) a poverty rate of at least 20% for the year in which the data relates, or at least 20% of the households receiving public assistance, and (ii) an unemployment rate of at least 1.25 times the statewide unemployment rate for the year to which the data relates?

YES  NO

If the answer to any of the subdivisions 1 through 3 of Question C is YES, attach details.

D.) If the answer to any of the subdivisions 2 through 3 of Question C is YES, will the Project preserve permanent, private sector jobs or increase the overall number of permanent, private sector jobs in the State of New York? If YES, attach details.

YES  NO

E.) State percentage of the Applicant's annual gross revenues comprised of each of the following:

Retail Sales: \_\_\_\_\_% Services: \_\_\_\_\_%

F.) State percentage of Project premises utilized for same:

Retail Sales: \_\_\_\_\_% Services: \_\_\_\_\_%

**VII. FINANCIAL INFORMATION (attach the following):**

1. Financial Statements for the last three fiscal years.
2. Proforma balance sheet as at start of operations at project site.
3. Projected profit and loss statements for first two years of operation at project site.
4. Projected "cash flow" statement, by quarters, for first year of operation at project site.
5. Detailed site plans
6. Construction budgets or contractor estimates
7. Evidence of current employment, such as NYS-45 Quarterly Report

The Applicant and the individual executing this Application on behalf of the applicant acknowledge that the Agency will rely on the representations made herein when acting on this application and hereby represent that the statements made herein do not contain any untrue statement of a material fact and do not omit to state a material fact necessary to make the statements contained herein not misleading.
